

**Revised draft text of the international legally binding instrument
on plastic pollution, including in the marine environment
(28 December 2023 – modified by Taka Hiraishi)**

Contents

Part I

1. Preamble	5
2. Objective	6
3. Definitions	7
4. Principles	7
5. Scope	8

Part II 12

1. Primary plastic polymers.....	12
2. Chemicals and polymers of concern	13
3. Problematic and avoidable plastic products, including short-lived and single-use plastic products and intentionally added microplastics	16
a. Problematic [plastic products]** and avoidable plastic products [and groups of such products]**, including short-lived and single-use plastic products	16
b. [Products containing] Intentionally added microplastics	17
3bis. Micro- and nanoplastics	18
4. Exemptions available to a Party upon request	18

4bis. Dedicated programmes of work	19
5. Product design, composition and performance	19
a. [Product [design and] performance]	19
c. [[Reduce,]** [reuse], [recycling,] refill and repair of plastics and] [Circularity approaches for] plastic products.....	.21
d. Use of recycled plastic contents	22
e. Alternative plastics and plastic products23
6. Non-plastic substitutes.....	24
7. Extended producer responsibility	26
8. Emissions and releases of plastic throughout its life cycle	27
9. Waste management.....	30
a. [[Plastic] Waste management].....	30
b. [Fishing gear].....	32
10. Trade [in listed chemicals [, polymers] and products, and in plastic waste][related measures]	34
a. Trade in listed chemicals, polymers and products.....	34
b. Transboundary movement of [non-hazardous] plastic waste	35
11. Existing plastic pollution, including in the marine environment	36
12. Just transition	37

13. Transparency, tracking, monitoring and labelling	39
13bis. Overarching provision related to Part II.....	40
Part III	41
1. Financing [mechanism [and resources]]	41
2. Capacity-building, technical assistance and technology transfer.....	46
[3.] Technology [transfer]	47
Part IV	49
1. National [Action][Implementation] Plans.....	49
2. Implementation and compliance	51
3. Reporting on progress [of implementation].....	53
4. Periodic assessment and monitoring of the progress of implementation of the instrument* [and effectiveness evaluation].....	55
a. [Assessment and monitoring	55
b.] Effectiveness [Effectiveness evaluation][Progress assessment]	55
[b][c.] Review of [hazardous] chemicals [and polymers] of concern, microplastics and problematic and avoidable products[, and non-plastic substitutes].....	56
5. International cooperation	57

6. Information exchange	58
7. Awareness-raising, education and research [and development]	59
8. [Partner and] Stakeholder engagement	61
8bis. Health aspects	62
Part V	63
1. Governing body	63
2. Subsidiary bodies.....	64
3. Secretariat	64
Part VI	66
Possible annexes to the instrument	66
Annex A Primary plastic polymers, and chemicals and polymers of concern.....	66
Annex B Problematic and avoidable plastic products, including short-lived and single-use plastic products and intentionally added microplastics.....	66
6	
Annex C Product design, composition and performance	67
Annex D Modalities for the establishment and operation of EPR systems based on common principles	67

Annex E Emissions and releases of plastic through its life cycle	68
Annex F Waste management	68
Annex G Format for national plans.....	68
Annex [X] - Effective measures at each stage of plastic lifecycle	68
